Mini Soccer Centres

**Upon meeting Coach Tim you become instantly captivated as he begins to explain how his very special organisation was born. Within minutes it's clear that Tim Wareing has created a phenomenon out of the most important things in his life his family and his football!**

With an impressive history in the world of football, Tim's commitment to youth development is no recent adventure, responsible for the creation of the very successful Youth Academy at Lisburn Distillery. It is now two years since Tim and partner Leanne single-handedly took on the challenge of Mini soccer development in N Ireland.

from the outside. This initiative has helped to mature their personal game and also help develop understanding of responsibilities and attitudes.

**Testimonial**

'I have traveled extensively as both a football coach and writer and have found no one to match the passion Tim Wareing has for the game. His secret is that he has a deep knowledge about coaching but also a deep knowledge about children and how they develop. Very few coaches have both. What Tim has achieved in Northern Ireland is nothing short of astonishing and the smiles on the children's faces are testimony to his outstanding work.'

*Paul Cooper - Founder of Give Us Back Our Game*

'This was my first year at TwSports.Org in Larne. I have really enjoyed it. Tim & Leanne are very friendly. I liked the training sessions when I learn new skills. I also liked the matches when I score goals. I finished the year by having a football birthday party run by TwSports.Org. My friends all said it was a really cool party!'

TwSports is an organisation that embraces the youth of today, it offers a unique service that provides quality coaching to boys and girls from as early as 2.5 years old in a safe, structures and most importantly fun environment.

Regardless of gender, ability or cultural diversity the Mini Soccer programmes are delivered to develop children socially, physically and psychologically. The main objective of Mini Soccer is Fun, while introducing children to the sport and helping them to understand the rules. The children develop a good sporting interest that lasts their whole lives.

Buddy coaching has also been introduced to the programme at mini soccer, this allows the older children to develop themselves personally as a coach and a mentor to the younger participants. The Buddy coach learns to coach and also to analyse the game

We feel that 3 & 4 year old toddlers in Northern Ireland have not got a great range of organised, fun, sporting activities. That is why TwSports.Org launched ToddlerSoccer.Org.

We offer a varied programme of coaching & games aimed at toddlers. We welcome all regardless of ability, gender or cultural background. Our coaches deliver a fun 45 minute session for each child to work with their peers 1-on-1. But don't worry Mum & Dad if you haven't played football or if you're not as mobile! Our programme is aimed for you & your child to have fun in a relaxed atmosphere.

At the end of the fun sessions parents can relax & take a seat as the stars of tomorrow interact with other children & play mini soccer matches.
